TIP OF THE WEEK

Q. What is the reason for having a child's photo on the Qkr! app?

A. For ease of navigation, Qkr! gives you the option to add your child's photo to your app.

This feature is optional and is designed to save you time when placing Qkr! orders.

If you choose to add your child's photo it will display at the top of the screen when you are browsing school items on Qkr!. This feature is useful if you have multiple children at the same school. To select a different child when ordering, tap on the current child's photo/name and select another child.

This saves you time by allowing you to place orders for all your children with one transaction. There is no need to use the back button and no need to place separate orders for each child.
